

What can a garden grow?

Our mission is to utilize gardening as a conduit for engaging the community with charitable giving, community organization, educational outreach, therapeutic facilitation and leadership development.

*It's not important who does the planting, or who does the watering. What's important is that God makes the seed grow.
~ 1 Corinthians 3:7*

HGH was founded by Marcus P. Miller, who has a passion for helping others and garden programs that give back to the community. A group of like-minded coworkers, community leaders and master gardeners joined Marcus to form HGH - an organization that seeks to develop leaders while teaching the community about agriculture and sustainability.
